"At Arvato, we believe in the power of youth – fresh perspectives, bold ideas, and limitless potential. Join our team and be the driving force behind logistics innovation."

Arvato is offering challenging internships within various fields of our company. You have the chance to experience cool projects in Logistics or Account Management, but also at our support teams like Procurement, HR and more! At our site in **Heijen/Venray/Venlo** we work together with high-end international customers. We service these customers with first-class warehousing solutions. By combining several components, we create the end-product which is being coordinated and shipped to our customers.

What will your path look like in the role of intern at Arvato?

As a devoted member of the Arvato team, you will be at the forefront of shaping the future of supply chain excellence. Your role will involve:

- **Innovative Solutions:** Working on innovative projects that push the boundaries of our current Way of Working. For example, carrying out a total review on the training process of picking, packing and shipping;
- **Tech-Driven Approach:** Embracing the latest technological trends to optimize logistics processes;
- **Collaborative Teamwork:** Joining forces with a dynamic team that values diversity and fresh perspectives. For example, take on the role of Assistant Supervisor in your co-internship to improve your practical and leadership skills;
- **Global Impact:** Contributing to the seamless movement of goods on a global scale with sustainability on top of mind;

"An internship at Arvato offers inspiring chances for personal development by giving valuable practical experience, with diversity as central theme." – Selina Dungen (intern 2024)

Qualifications you bring to the table

- Busy with persuading a Bachelor (HBO) or Master (WO), preferably in Logistics, Supply Chain Management, International Business, Business Administration;
- **Team player:** You work well in a team but also like to fly a bit solo;
- **Tech-Enthusiast:** Passionate about the best of two worlds: technology and Logistics;
- **Innovative Mindset:** Ready to bring fresh ideas to the table and challenge the status quo;
- **Adaptability:** Comfortable navigating a fast-paced and ever-evolving logistics landscape;
- You master the English language. Dutch is an advantage.

What we offer

A competitive compensation: € 700 per month (full time internship HBO/WO), and there is more;
